Welcome

It is our pleasure to welcome you to the Southside Charolais Bred female and Bull dispersal. This sale represents almost 20 years of commitment to producing Full French and high percentage French polled bulls and females. We are proud that more than a quarter of the sale animals have been tested to be homozygous polled. We have not had any horns for 8 years! Any AI has been done with Full French homozygous polled semen imported from France and any home raised bulls that we've used have been tested homozygous polled. We strive to maintain muscle, good feet and udders and easy to handle dispositions. Inevitably there comes a time to slow down but we have retained our 2024 calves to ease the move to retirement. It is our hope that someone will continue to strive for genetically polled Full French Charolais cattle.

The cattle will be available for viewing at the RimbeY Auction Mart on January 30th. You can call Ken with any questions. 250-692-0853

We hope to see you at the sale!
