Blue is truly a gentle giant. He is without a doubt one of the coolest geldings that I've owned, and also one of the kindest. I purchased him as a yearling and he is four years old this year. He is a 16.1 hh paint-percheron cross and as expected, has excellent bone and foot. I have used him all around the ranch from trailing cattle to new pasture, pasture roping sick cattle

[Video Link ▶](#)

to ponying colts this past winter. He is very willing and reins around nicely, especially for a big horse. Blue is confident crossing water and a variety of obstacles and terrain. I think that he would excel as a top notch trail horse or a very unique ranch horse. Don't miss the opportunity to own this one of a kind gelding. Meet Baloo! He's only looking for the bare necessities, oh the simple bare necessities so you can forget about your worries and your strife. While our Baloo may not be a big lovable Disney bear, he is aptly named and just as gentle hearted. He loves the finer things in life, being scratched on and fussed over, a sunny trail ride, working on new things in the arena, a mosey through the cows,

[Video Link ▶](#)

and especially dinner time. At 10yrs old and standing a sizeable 15.3 with a size 1 foot, Baloo has great bone and substance, is gentle to trim, and moves like a big horse should. He has his own motor with no funny business included, just a simple, straightforward ride, country covering stride, and a few buttons to make it all enjoyable. Easy to catch, load, tie, blanket, bridle, and saddle, Baloo is easy to have in the barn and low man in the pecking order, he will babysit your weanlings or go out in a mixed herd no problem. Baloo has enjoyed an easier speed to life, he hasn't had the legs rode off him and he doesn't need to be rode down to be a good citizen. Baloo does do best in semi consistent work at minimum, getting out and about a couple times a week is perfect whether its a tour around the block or an indoor ride out of the weather. He would be best suited for an intermediate rider who enjoys a horse they don't have to peddle. Baloo rides inside and out, solo or with a group, and he will be brought to rope nights throughout the winter. He has been used to flag and start colts, and is sure footed and would thrive in the mountains, arena, or on the ranch- whichever way you want to take him. Baloo will come up to date on dental (done January 14th 2025) trims, worming, and vaccines. For more information and to answer any questions about Baloo, please call Zoe Maxwell. She stays between your hands and feet, has enough life that you don't have to paddle her, and relaxed enough that you're not pulling on her. BELGIUM

QUARTER HORSE

Walker is a 6 year old, 16hh Belgium Quarter horse cross. He has proven to be a very well behaved gentle guy. We halter break and work colts with Walker. He's crossed rivers, climbed mountains, he lopes across a pasture with ease, he's soft and collects himself in a very proper manner, this horse catches everyone's eye. His movement is incredible, he will take you in any direction with ease. He's spending time in a feed lot this winter learning how to work cows and rope. He's a very handy horse to have around, he's the perfect fit for a ranch horse, mountain horse and trail horse, he's extremely versatile. This horse does more than turn heads when people walk by, he turns on the forehand, turns on the haunches, he works off the leg, neck reins, has an amazing stop and backs up with ease. He stands to be mounted and stands for the farrier. Walker is easy to catch, he sees you coming and meets you half way. Although we don't feel Walker is ready to be a beginners horse, he has seen multiple riders and would fit an experienced intermediate rider. We have always felt safe on him, he's never left me stranded. This horse quickly became one of our favourites. Out of the 3 consecutive top gun horse sales we have been to, we feel Walker is the nicest horse we had the pleasure to offer. Walker is low maintenance, with great confirmation and good solid feet. You can kick him out to pasture for three months pull him in give him a quick trim and lope across the pasture. We can't say enough good things about Walker, if there was three words we would use to describe this horse it would be intelligent, uncomplicated and reliable. We encourage everyone interested in this horse to reach out and ask any questions and or come and see him. Walker is UTD on dental, deworming, and foot care. ZZZZFor questions you can reach us on Facebook @ Carlson equine or text 587-202-7972. We have references available upon request. Check us out on Facebook to look into our training program and to see all the up coming action on the horses we have to offer this year.

Consigned by: CROOKED HORN RANCH					
Breed	Belgian Cross	Sex	Gelding	Year Born	2018
Registration	Grade	Height	16.1	Colour	Sorrel with Flaxen Mane and Tail

Big is an 8-year-old gelding, 16.1hh. Little is a 7-year-old gelding, 15.3hh. These full brothers are Belgian cross. They were not started until they were 5 and 6 so they have lots of years left in them. When it comes to driving, they work great together. Big and Little gee and haw well, and back up good. They were starting fairly hard, being used to feed all winter, having the bales weigh up pretty good. Recently they have just been pulling the rubber-tired wagon and are back to starting soft. Big and Little are quiet in the barn when harnessing or saddling them. They are good with being tied, trimmed, groomed, and in a herd with other horses. Both horses are quiet to ride, with basic, light trail riding experience. This is a great pair of horses to have around the ranch, check cows all summer, or harness them up to take mineral and salt out. Then in winter, you can feed the herd with them or take family out of on a sleigh ride. Big and Little would also be great to drive or ride for an outfitter camp. Please don't hesitate to contact Dusty at (306)750-0081 for more information.

Dually (DUALLY ON WALLSTREET) is a 3-year-old AQHA gelding standing 14.3 hh. Well rounded prospect with a great start and eligible for the Royal Crown Canada & USA, Breeders Elite Roping Incentive and the Canadian Barrel Horse Incentive! We picked Dually to be a part of our crew when he was only a few months old having that neat cross of cow on run pedigree.

[Video Link ▶](#)

He's been friendly and tame since bringing him home as a weanling with no shortage of personality and character. Being sired by one of Canada's most popular sires, Dually Cat, who's offspring earnings exceed \$429,000 and excelling in Cutting, Cowhorse, Team Roping, Barrel Racing, Penning and Calf Roping! Dually will have 90 days riding by sale day. Dually is a great prospect for the rope horse futurities, also with the cow bred genetics bred into the running pedigree, he would make a great barrel prospect! Dually is very willing, responsive, and an easy mover. He has been regularly trimmed, vaccinated, and dewormed since he was a weanling. Routine dental float last November. Echo is a big friendly giant who is always first to greet you in the paddock. He is good to drench, trim, shoe, trailer, catch and all general handling. He is great under saddle with 3 big, lovely paces. He can be ridden alone and in company and adapts to new environments well. He can be ridden in a long, relaxed rein and responds well to contact with more woah than go. Echo is trained to be team driven and works well with other horses. He has been used to

To say we are proud is an understatement! Sam is one of the nicest horses we've ever had the chance to offer for sale. From carrying the legendary Wayne Vold to middle of the arena never moving a muscle while singing our national anthem, to roping bulls under a spot light and being literally bomb proof, heading

steers in any set up, to babysitting our kids...Sam lives up to his resume in every way. A 7 year old, 15.2, 1300 lbs, papered gelding, that has plenty of look and shape. Great feet and conformation from bottom to top. We have had him since he was weaned and he has seen all aspects of ranch work and takes everything you throw at him. We've used him as a pickup horse at many events including the Canadian finals as a 4 year old! Sam is a horse that absolutely anyone can ride. He is happy to baby sit but he's the go to when you have a dirty tough or scary job to do. Very broke, moves nice off your legs and has a nice walk, trot, lope on a loose rein. Sam is a really nice horse to head on, scores good and is jackpot ready. I feel Sam will work for ropers at any level. If you or someone you truly care about are shopping for a horse that can be TRUSTED in any situation, here is your opportunity to own one! Beauty - is a 7 year old mini mare. She stands at 9.1 hands and is used both for driving and ridding. Beauty will be the perfect lead line pony for the little cowpokes in your life. She is calm and super sweet, prepare for all the noise and silliness that kids bring to barn. She has been to Fall Fair and Ranch Rodeo. Nothing fazes her. She patiently lets all the kids climb on her and clammer around her. On the trail she keeps up and doesn't mind going out on her own to explore the side trails. Our kids have used her lots moving our sheep around the property and sorting them in the barn. You can swing a rope or sing at the top of your lungs she takes it all in stride. Leads, lifts her feet and loads like a pro. Comfortable around quads and dirt bikes. Never foundered and is UTD with feet and worming. Beauty will be a wonderful "introduction-to-ridding pony" while the kids are small. But they will be able to graduate to ridding her independently as they grow in their ridding ability. 3T Ponies & Horses is proud to introduce Ella, a gorgeous 2018 grade grey welsh mare! Ella is fancy all the way around, from her long resume, to her stand out looks, big personality and work ethic, she's the real deal wrapped into a cute 11.2 hand package. Ella is well broke to ride. She's got all the fancy buttons, such as spins, side passing, picks her leads up from a walk, and a wicked

stop. She rides through the seat and legs, and rides western, English, bare back and bridle less! Ella's resume consists of halter breaking minis, dragging in sick calves, hauling sleds around, roping and dragging things off her, and going out to the big pasture to herd up and drive home the horses. She has had countless outside miles, is brave around cows, trail rides through bush, narrow trails, up and down the big hills of the valley, over creek crossings and hops over logs. She rides off the yard alone or in a group, and is not herd bound. Ella has been hauled all over, from parades, to gymkhanas and small town fairs. She's been shown in halter (has a few championships under her belt), western and English flat classes, horsemanship and reining. She also runs a good barrel and pole pattern and though she's not had formal training on jumping, she's had quite a few hours of popping over jumps for fun. She hauls, loads/unloads, ties all day/over night, and eats and drinks well on the the road. She was the top pick each night at the small town shows for a few games of mantracker (aka glorified tag) where she spent the evenings with her rider chasing kids down all over the fair grounds to tag them all. Due to that she's had a lot of exposure to kids running and screaming all about. As of end of January we also have got her started driving. She will have miles with the cart before sale day and will be well started driving. A Driving video has been added to our YouTube channel, check it out! Ella is safe on the ground, she's great with her feet, lunges, easy to tack up, baths and clips well, she is usually good to catch, but if she's a bit sassy just grab grain and she can't get to you quick enough. She also has a fun little trick of lying down on command. Personality wise, Ella is very much a people pony, she loves to just hang out and wants all the attention. She puts up with the crazy things we throw at her, (such as fire, tarps, and shooting guns off around her) but she isn't a deadhead. Even if she has feed in front of her, she'll often whinny when she sees you and come to the gate. She's respectful, and takes correction well when it's needed. We have put all of the training on her, and know her well. She's safe, sane, kind and a really fun little mare. We'd consider her a step up or ranch pony, as she's got some spunk, is gritty and can be a bit more forward if given a bunch of time off (she's the same pony otherwise). A little cowboy or cowgirl would have an absolute blast with her, but she also does well for beginners or little kids and has been used for the odd lesson. We've kept her tuned up, and she has not been aloud to develop any bad habits or vices. She lives outside in a pen with a bunch of other ponies, she middle of the herd, and gets along fine with the horses too (she does try and be a bit bossy, but nothing like some pony mares). She's sound, and kept up to date on farrier (always been barefoot, and has great feet), deworming, teeth, vaccinations, body work (tells tale signs she needs bodywork we've found are she'll be a bit cranky/ear shy or have trouble with her leads, an adjustment and she's good to go) and will have an up to date negative coggins test. She's not foundered or had injuries or health issues. She's blemish free. We will be riding her up until sale day. Feel free to follow along with us on Facebook (3T ponies&horses). We will be posting short videos to show her off until sale day. We have loved having this little mare, and though we'll be sad to see her go, we are excited for her next chapter and to see some kids get an awesome one of a kind pony. Please text Anna Thiessen if you have any questions.

Chub is a 15-year-old grade gelding. I have owned him for 5 years. He was my go to horse at Buck Mountain Grazing Reserve for 4 years. I have used Chub to rope hundreds of cattle, pull bulls into trailers, and push up cattle in tight alleys. He will do anything and everything you would want to do on a ranch. Chub will go all day and out walk any other horse. He loads good, ties good in the barn, stands for farrier and is easy to saddle. Chub is as gentle as they come. Lead him out of the barn, step up on him and go. He is also a great mountain horse and Dorothy has ridden him at Ya Ha Tinda. If I was still riding at the pasture, Chub would not be for sale. He has never taken a lame step. Solid and sound. If you have any questions, please give me a call or come and try him.

Regina (Re-gee-na) - Although she was named after one of the 'Mean Girls', Regina has proven to be the sweetest sorrel mare, and a true lesson horse master. This 13 year old, 14.3 hh, APHA horse does not have a mare-ish bone in her body. She is sweet, sensitive, eager to please, and ready to take you anywhere you like. Regina has been used in a lesson program for the last 12 months. She loves kids, attention, and is currently being used in lead line and intermediate Western and English horseback riding lessons.

[Video Link ▶](#)

Regina is lead line, confident beginner, and intermediate rider safe. (She can become unsure if her rider is nervous.) Regina happily rides Western and English. She's done 4H, gymkhana, been hauled to barrel jackpots, had a rope swung off her, moved cows, loves the outdoor obstacle course, and is jumping cross rails. Regina has been ridden inside, outside, in the hills, and in the mountains. She can be looky when riding out, but no spook or buck. She is currently being ridden by an onsite trainer. Regina has lived in a large pasture, in a herd, with cows, in an outdoor pen, and in an indoor box stall. Bottom to middle of the pecking order. Easy keeper. Same horse with time off. Regina would stand tied all day. She loads, trailers, bathes, and is good for the farrier. Regina would do best with her own person to love and dote on her. Regina is up to date on vaccines, deworming, farrier, dental, chiro, and is currently shod. Currently taking Previcox as prescribed by a veterinarian, for a slip on the ice, in January. Full vet documents, soundness exam, and current PPE will be available for viewing prior to the sale. Located in Lethbridge (403) 915-3057

Hello eve+F42ryone I'd like to introduce you to Gem. She's a 7 year old, 15.3hh Percheron/Clyde. A true gentle giant. With an incredible mind, this mare has the looks and beauty that'll catch your eye! Gem was started as a 3 year old under harness and has had over 3 years of driving experience. Single, and double. She has done wagon rides, sleigh rides, farm equipment, and has drug single

[Video Link ▶](#)

tires. She has also had colts hooked with her and she's done excellent with teaching. Gem was started under saddle over a year and a half ago, and she took to it like she's been doing it for years. She's very easy going, and very teachable. She is one of those horses where you can just hop on and you don't have to worry about any B.S. Her experiences under saddle is lots of bush miles, and she can take you all day. She's got a big motor and isn't fazed by anything. Shes been to the mountains, crosses creeks, bog, and crosses over trees with ease. she has ponied pack horses as well. Gem has also been packed in the bush and the mountains too. She can open and close gates, has a beautiful W/T/L and is very soft in the face. Shes been desensitized with all kinds of tools such as (tarps, bull whips, gun shots, swinging a rope off her etc). Currently she is being used to start colts off of her and she's is my go to horse for any situation I need her. She's trustworthy, safe and is always the same horse every time I get on her. Never had any funny business with her. Shes a true sweetheart and loves people. She is easy to catch, she does not need a stalk to be trimmed. You can trim her with a grinder or nippers. Excellent to shoe as well and has a number 4 shoe size. Loads and hauls great! Up to date with worming and vaccines. I would recommend an intermediate rider as she knows buttons, and does like to work. She will be shown in the top gun sale under saddle and not in harness. If you have any questions please text or call me and I'll be happy to answer anything! Videos to come so you can see what she's all about! Thank you for your time.

We purchased Tuscon from senior neighbour lady who enjoyed him as much as we have. Used extensively in the mountains trail riding, crossing creeks, rivers and bogs with ease. Gets out and walks well with his head down. Very smooth lope. Was used all summer in the movies, cast members and wranglers have rode him for days and days. Used to rolling wagons, fire, chasing cattle, dragging calves and everything in between. Tuscon has been ridden in several parades, he is a very safe horse and a prime age. Tuscon saddles up the same everyday, is nice to be around. He is easy to shoe, clip and load. A real pleasure to own. "Remi" is a 5 year old AQHA gelding, that we have owned since a weanling. "Remi" is the true definition of an all-around horse. He has had a gentle and quiet demeanor since we halter broke him at 5 months old. We have used "Remi" on the ranch for all aspects, including checking pastures, riding feedlot pens, cattle drives, branding, and doctoring in the pasture. "Remi"

[Video Link ▶](#)

has a quiet, laid-back personality, with not a mean bone in his body. For the last couple years, he has been our main turn back horse at the cutting and cow-horse shows. He hauls very well, stands tied, and doesn't get worried when taken off the place. He has been in multiple ranch rodeos and calf scrambles. He is a first choice when it comes to needing solid minded, gentle horse for an inexperienced rider, or when we want to give our young daughter a ride. Remi has been on numerous mountain trips. Week long pack outs with the teams, and wagons, to just day rides. He crosses rivers and bogs without hesitation, and will climb whatever slope or mountain you point him at. Bareback and doubling is no problem. Snaffle, shank bit or just the halter will do for "Remi." Good with time off, and comes willing to please every time. "Remi" is truly versatile! "Remi" has an old blemish from when he was a 2 yr old above his front left fetlock from a cut, we had it stitched when the injury happened and he hasn't taken a lame step since. UTD on dental, vaccinations and dewormed as well as regular farrier work. YouTube video can be found at: Remi - Top Gun Horse Sale 2025. 2024 Red Roan filly sired by a son of METALLIC CAT (minimal roan expression at this point). Aira is a well put together, correct filly. She was born May 1st, 2024. Sired by METAPHORIC CAT, who is a direct son of METALLIC CAT and out of SKIP BOON SKIP. She is very friendly, halter broke, leads well, loads in the trailer and picks up her feet. Her legs are straight and she has no scars. She is starting to show the roan in her face, but will roan out a lot more. Check out her full siblings. Ready to go at the end of October. Great prospect for cutting, reined cowhorse, roping, reining, branding pen or on the ranch the possibilities are many with this filly. Her three year old bay roan full sister is under saddle. She has an incredible mind and was one of the easiest horses to start. She shows great potential for the show ring. Her two year old blue roan full brother is just being started under saddle. Once again, both of them are so willing, learn fast and are very easy to work with. Papers are being processed. More photos available. Also headed steers in the arena. We put his athleticism to work as a pickup horse for 2 summers. Worked 20+ perfs in 2024 and there isn't a bareback horse he can't catch. He has full siblings that have excelled at High School rodeos. We have started him on barrels and poles which is turning into his true calling. Rusty is a been there done that type of gelding, he's been headed on mostly and heeled on some. He's a little big to heel on but goes through the motions fine and will let you catch, in the heading he's solid in the box, lots of run and very easy to rope on, been rope by a 65 year old man the last 3 winters in Arizona. He's been rode at a community pasture for a summer and been to the branding pen as well. Proudly offering "Kevin" for your consideration, a uniquely coloured palomino gelding with dun markings. With his draft-like demeanor, he is one the whole family can enjoy, with a soft eye, great bone, and big hip. Kevin has been on our place since he was a yearling. I started Kevin as a two-year-old and he's never offered any trouble. He's now in his prime

[Video Link ▶](#)

at six years old however you may already consider him your 'old faithful'. He is quick to win everyone over with his 'puppy dog' personality and truly has a heart of gold. He's been exceptionally soft in the face since day one, neck reins and rates your seat. He is well broke with a combination of both extensive outside miles and arena work, with good body control. Over the past few years Kevin has also been exposed to all aspects of ranch life, including six weeks with Levi Ould on the community pasture last summer. Kevin is great to rope off of, he rates a cow, has a big stop, and doesn't get worked up in tight situations. He was one of the easiest colts to go pull a first calf on in the branding pen. He's quiet and relaxed while checking the herd, ground ties, and holds rope confidently. He will also take care of a greener roper, is super forgiving and non-reactive of your mistakes. He's easy to get along with and suitable for anyone to ride, sure to be an asset to any working ranch or family home! I have no doubt he'll make an excellent kid's horse, or you can go do a job on him tomorrow. Kevin does not need to be rode down, you can leave him for months, get on and go. He's been hauled all over, has always been sound, no vices, and is easy to catch. The horse you see in his video is the same horse you get every day, one of the good ones. Kevin comes up to date on dental, shoeing, vaccines, and worming. I'm happy to answer any questions you may have or come out and meet us before the sale!

He runs to every steer right from the very first time he backed in the box, and has never been out run. He is a quick

This horse has tons of speed and is very athletic, with lots of power. Jo_e will do whatever you ask of him. He will cover some miles in the pasture as he is a very fast walker. If you have to run something down out in the pasture or out of the roping box he will do it with ease. He moves very well off your legs, is easy to catch and good to trim. He loads and hauls great. He has great confirmation and good black feet. He has never bucked or bolted a day in his life. He can be left for a couple months, then saddled when it's -20° and go drag a new calf in the barn with calf sleigh. Terry has pasture roped, moved pastures and is using him for checking cows during calving. He has also been team roping with him this winter. He had his teeth done this winter. José has been started and trained by Terry Leeder. Terry will continue to use him on the ranch and team rope with him until sale day. Our first ever consignment to the Top Gun Horse Sale is an exceptional one! AQHA 8-year old, "Jawa" is running bred on the top side and his Dam is from the Legendary Rancher's Sire "Driftwood Stetson" of Memory Ranches, Nevada. This gorgeous gelding has done it all from being on the trails, crossing rivers, back to the cattle drive or to the branding pen. "Jawa" was broke and trained to be a heeling horse at first, and has now moved on to ranch rodeo and breakaway roping. "Jawa" has a big time stop and hunts cattle like no other, while staying soft in the bridle. "Jawa" is aptly named from the Star Wars series and is definitely out of this world, don't miss this rising star! <https://youtube.com/shorts/NZOqqTdJIYQ?feature=share>

Consigned by: SARAH LACHANCE					
Breed	Gypsy Vanner	Sex	Gelding	Year Born	2019
Registration	Grade	Height	14.2	Colour	Black Tobiano

If you're looking to have the fanciest ride in the branding pen here's your mount! "Chris" ("Chris"tmas Eve) is a 5 year old (December 24th.2019) 14'2 hh black tobiano Gypsy Vanner gelding. Two blue eyes and mane down to his knees gets him attention anywhere he goes. Was started lightly as a 3 year old with 30 days and started up again this past summer. Will continue to be

[Video Link ▶](#)

in training right up until the sale and will have roughly 10 months under saddle come sale time. He's great on trails, will go over or through just about anything. Been in rivers and over bridges. Has spent lots of time in the arena this winter. Rides around with his nose in the dirt, getting a good handle on spins, has tracked the heel o matic and has had a rope swung off him. He's very light in his cues so would be best suited for a knowledgeable rider. He could make for a good lesson or beginner horse down the road with more miles. Obstacles, ranch reining/riding is right up this guys alley. He's up for just about anything you throw his way! He can be a looky lou and scoot sometimes but has absolutely no buck in him. Ties, trailers, baths, clips all well with no vices. Good to trim, good feet, always been barefoot. Unfortunately Chris got caught up in a wire as a weanling which left a nasty looking scar over his right hock. He was vetted and rehabbed and was given the all clear by the vet to start as a three year old. On the upside his feather does a good job covering it up. His tarsal joint in both hocks have been fused since a yearling, they don't cause him any discomfort or lameness. Updated x rays were done in November 2024 and are available for viewing. No maintenance needed. Up to date on 4-way, wormer, chiro and teeth. Check out his sale video in the link or visit Dac Ranch on Facebook for more videos! PORK CHOP

Consigned by: DREW SPENCER					
Breed	Percheron QH Cross	Sex	Gelding	Year Born	2018
Registration	Grade	Height	15.3	Colour	Bay Roan

Horse's like this aren't the kind that come around every day and probably only a few times in a life-time. Porkchop is a 15.3 hh 1450# 7 year old crossbred gelding and you won't even have to wear the tires off your truck trying to find him because he's right here in front you. You'd notice him from outer space with the naked eye. Porkchop is a really nice ranch horse but he's also

[Video Link ▶](#)

the kind grandma and the kids can ride if they want to come help too. He's drug 1000's of calves to the fire, treated as many on grass and been ridden in rough country to gather. Leave him off the whole winter and he's gonna be the same horse when you swing a leg over him come spring time. Porkchop is really nice to cowboy on but you darn sure don't have to be a cowboy to ride him. I've packed Porkchop the last year and a half to the PBR's and BRC's shagging bulls and he handles the light shows and fireworks with no issues. Porkchop has all the buttons, gets around himself really nice and is really keen on a cow. He rides in the bridle or without one at all. Porkchop is super gentle on the ground, will stand tied all day and is gentle to handle his feet. Horse's like this are hard to come by and it's not going to be easy to watch him step on a different trailer, but he's gonna make someone a good one for a really long time. Take him and keep ranching on him or have a really safe mountain and pleasure horse to take to the hills. Saddle him with confidence pull a tight cinch and step on. FMI call Drew (403) 963-8766.

She is very steady and has had beginner riders on her in the arena, offering a calm and reliable ride while they gain confidence and experience. In addition to her other talents, Summer has been worked on the roping dummy, helping her rider improve their roping skills. Elvis is a coming 3 year old draft cross gelding. He is safe, sound and sane. Whether it's doctoring, mountain riding or being fancy in the arena, this gelding will be your go to guy! snub colts, swim through the lake, sort pairs, climb a mountain or plod your kid around the arena. Not only is he well broke but he's also personable and loves attention. He will do just about anything for a good scratch or pet. If you whistle he will be at your side to be caught. Haul him alone or crammed in a trailer like sardines and he's happy to do both. Elvis can be ridden bridleless, in a hackamore or a snaffle with no hiccups. Open gates, do a nice turn around, flying lead changes, nice stops, side pass and more! Shoot a gun off his back, ride him to the bonfire and cast a line off of him. The ultimate mountain horse! Elvis is not the tallest draft cross around standing at 15hh but he will be the one you want to drag that stubborn bull from the pasture. This gelding will work all day for you. As fast or as slow as you want to go and has a heart that does not quit. He is hobble broke and has been driven a handful of times. Wouldn't take much to make him into a great driving horse. Sue is a 2020, 15.1 hand roan mare with a mind to work and please. She's been used in the pasture a bunch, been used to one man treat tons of critters, and moved a ton of cows both on pasture and in the mart. This horse tries hard at everything she does, has no quit, but is also quiet enough that the kids love riding her. Sue has been used to pony and halter break colts. She's been to a few team rope jackpots and takes the pressure phenomenally. She's solid in the box, scores well, and runs hard. She's strong off the horn but soft in the face at the same time. This mare is a go-to working machine with a quiet, easygoing attitude that makes her a really enjoyable trail riding horse as well. Don't miss out on this flashy mare. (Unfortunately she surprised us with a completely unexpected pregnancy. She will likely foal in August sometime). Been rode along the #1 highway during a protest carrying a flag. Used to dogs, kids, strollers, flags, bouncy castles, tractors, quads, trains, planes, etc. He has been out to see all the sights, Nothing bothers this guy! He is fancy broke, soft in the face, moves off legs, has all the buttons. He has been used in some cowhorse clinics as well, worked flag and cattle. He took to it with ease. ranching on. Bert has been driven single and double, which provided a great start to his team roping training and taught him to use himself and take ahold of cattle ahead of most colts. Good in the team roping box, scores sharp, leaves flat, and stays in his lane, for sure is a solid started heel horse that is ready for this summer's roping season. Bert has seen enough and is kind by nature to make a family horse. Good with his feet, ties well, and trailers well. We sure appreciate how Bert works in the arena and outside of the arena, a great all-around young gelding. Ruano is a 9 year old grade QH gelding. He has done everything we can throw at him from sorting and checking cows working at a feedlot and auction marts. He's doctored cattle in a community pasture. Halter broke all of our colts every year and been used to pony all of the wild colts that need to be ponied. Ru isn't afraid to push into

another horse that needs to be moved and he's solid enough to hold the big boys too. When he has a job to do he's got the fire and speed to get it done but also knows when the kids are around and wanting a quiet friend to play around with in the arena. Ru has been to the mountains and crossed rivers and bridges with no problems. He can swim across when you need him to. Not afraid to get wet. Everyone from the kids to a working man can use this horse and he will be sure to help out with whatever he's needed for. Lots of videos and pictures available for anyone who's interested. Will be posting his video link soon. Feel free to call with any questions about him or come out and see him anytime.

Fancy - 15 HH - 1140 pounds. Fancy is definitely that- with a long mane and a thick silver tail that drags on the ground she turns heads wherever we take her. This mare has it all looks, talent and work ethic. Fancy is a home raised mare and is a very usable head, heel, breakaway prospect. Fancy will put her head down and walk out. She been on trails and will walk all day long. She has always been easy to catch and stands very well for the farrier. Fancy has been exposed to everything at the feedlot and a big cow calf operation from sorting to treating and will go all day long if you ask her to. Fancy has been rode through bush, bog, snow, rain, wind and everything in between. She has been exposed to kids, dogs, traffic and buffalo as well as a lot of wildlife. Fancy has lots of bone and a good black foot under her. She has been clipped, washed, and had a leaf blower used on her. On the roping side of things she is coming along very nicely on both ends; wants to be very quiet and calm in the corner. Fancy has a lot of run and her cow sense puts a ton of rate in her when needed. She has a good move and wants to be strong off the horn with a smooth face up. In the heeling Fancy has lots of run to the cow and her rate shows up in the corner ears pinned staying hooked until your throw. If you're looking for a horse that can work on the ranch all day and then head to the roping pen all night this is a horse for you.

They say big things can come in small packages, Moon is here to prove that saying true all day long. This gritty 14.1hh, 4yr old mare has the heart of a lion and all of the try in the world, there is no bottom, no quit, and she will never leave you hanging with a job half done. Moon was professionally started by and spent 90 days with Greg Michelson as a 2 year old in reining training before spending part of the summer of her 3yr old year working community pasture, and then the fall working feedlot. Moon tracks a cow, has tons of run, is strong to the horn, and a wow factor stop on top of it all. She is currently being brought along as a heel horse and shows huge promise as a tough competitor. Moon is the type to catch you out on a half section, she loves her people, loves being in work and fussed over, and has no vices. She ties, hauls, adapts to new places easily, is quiet to trim and shoe, as well as tack up and just in general handle. Moon is a forward ride, soft to the bridle and leg with tons of adjustability. Lower in the pecking order, she has lived in big herds as well as been stalled, and been used to babysit weanlings, Moon is not marish or cranky. Moon is sired by Shiners Lena Dust (LTE \$91k and PE \$22K+), a name that needs no introduction in the Alberta reining circuit, out of KMJ Purdy Whiz by BL Whiz Kid (LTE \$50k and PE \$95k), there are proven money earners top and bottom. Compete on her, ranch on her, then raise some of the nicest minded, athletic colts off her you could possibly want. Moon will come up to date on dental (done February 27th 2025), shoeing, chiro (March 1st 2025), vaccines (Feb 27th) and worming. Here's a big strong, handy, handsome, 16hh, dirty Buckskin, draft cross. Stran is just 4 years old with his whole life in front of him. Great feet, straight legs with great confirmation from bottom to top. We do not take the naming of "Stran" lightly (those who know...know) he is wise beyond his years and for the amount of riding he's had, he has blown us away! Stran is quiet but not just a dull plow horse, he has some feel and style. We have roped the sled on him and done some doctoring on the ranch. He crosses mud, creeks and water with no problems. Stran is a very nice travelling horse with a ground covering walk, a smooth trot and lope, moves off your legs and has a good stop and turn around. He has been to the mountains and been packed taking it all very well. Stran is a gentleman with very good ground manners, stands for the farrier, loads and hauls great, good around other horses and dogs and will fit in anywhere. "Reggie" is a 4-year-old draft crossed gelding standing 16 hh. We purchased "Reggie" as a weanling and lightly started him late in his 2-year-old year. Last year, "Reggie" went on a few mountain trips. The biggest one being a week long camp out at The Rails at Cut Off Creek with the teams and wagons. We have really enjoyed him on the trails as he walks out great with the same pace all day, leads, brings up the rear or ties behind a wagon. He crossed rivers and bogs without hesitation, highlines, and hobbles. He was also used for pasture checks, cattle drives, and the fall roundups. "Reggie" has started to get more arena time this past fall and will continue to do so till sale day. "Reggie" also has been drove in a wagon and a sleigh. We have driven him in a team situation, and single. He has a soft mouth, is patient and listens well to voice commands. He pulls well and doesn't get worked up over the noises and harness touching his legs. "Reggie" has also tracked the heelomatic and been in the ranch roping pen. "Reggie" is a neat gelding that would be a great addition to your mountain or ranch lineup. UTD on dental, vaccinations, and dewormed. "Reggie" has also had regular farrier care since we acquired him as a weanling. For more information, please contact John at 780-216-2000. Hot rod has no issues with you packing the barrels on him and he will even push them with his front legs. He is great to pony along side another horse, keeps up so you don't have to drag him along. He is super patient with kids crawling onto him, around him and even under him. He is very soft in the mouth making it easy for kids to steer him in any direction. He has been ridden bareback, doubled on and he is trained to lay down for you to get on and off, making it easy for the little kids to mount and dismount without assistance! Hot Rod is the perfect gentleman to brush, saddle, pick up his feet, and will stand tied all day long. Walks into a trailer without hesitation and backs off with ease. He is truly the little horse that will teach your children how to ride a broke horse, and give them the world of confidence. Hot Rod has been kept UTD on deworming and regular trims. Breed	Belgian Cross	Sex	Mare	Year Born	2019

Pepper is a 6yr old Belgian cross mare, 15.3hh. She is the most personable horse I have ever met, she comes running to greet me at the gate. She is very smart and willing to learn. She's good on trails alone or with other horses. This mare is more forward moving and busy minded, however very gentle. She is sensitive, so moves off of pressure nicely, light in the face,

yields her hind and front end for me, side passes, backs nicely. Not spooky, but always aware. I have started driving her single, and she is coming along nicely. With good confirmation, good bone, straight legs and solid hooves, this mare would be great for an all around horse. She has never offered to buck or bolt. Videos will be coming soon, for more info please contact Jessie (250) 261-1981

Breed	Quarter Horse	Sex	Mare	Year Born	2015
Registration	Grade	Height	15	Colour	Grey

I have decided to put my horse Clara up for auction. She has been a great mount to myself and family and hopefully for yours as well. she would be a great ranch horse, rope horse or your next trail ride partner. For team roping she has been mainly heeled on and light heading. She works good on both ends but does favour the heel side. She has also done lots of work on

our cow calf operation from branding, calving, pen checking and moving cows down the road to summer pastures. Has also been used in some local ranch rodeos. She is a fast walker and has a big motor so taking on trails or to the mountains she will get you where you need to go with ease. She is an easy keeper and very well mannered. Has been kept with other mares or with geldings and doesn't seem to fuss at all. She greets you at the gate and is easy to catch. Can also walk off on her own and doesn't fuss when leaving another horse. Can have time off and is the same horse after time off. She stands to be saddled, trailers well, I have ponied other horses on her, stands good for farrier. Picks her feet up easily. Has had shoes on the front before. Never offered to buck or bolt. Her feet are kept up to date with regular trims and had her teeth done November 2024. has had 2 months of training from Jeff Quam on the heel side. Videos posted from the last few weeks of practise.

into my hand's but since hasn't been finished. Don't let her size fool you! She is a strong sturdy mare who has done extensive work on the ranch such as moved cows, lease checks, crossing rivers, bush whacking as well as being dummy roped off of a handful of time's which she took too quickly and will have more work with before the sale. Vegas is as safe and patient as they come, Even filling in as a children's gymkhana horse a couple of time's this last year. Vegas will make the perfect addition to any family wanting an all around, versatile horse compatible with any level of rider, or a special mare to take into the arena and finish in a western discipline! Ride her everyday or leave her for months- she's the same reliable horse every time. She's happy to go out alone for hours and never gets barn sour. You can pony anything off her including horses twice her size or young ones. Jump on her bareback with a halter and head in any direction! She loads and unloads good, easy to catch, stands tied and good to trim. She can be barefoot with no problems on gravel or hard ground. She is up to date with the farrier, deworming, teeth and vaccines, a sound and easy keeper that's ready to be your number one mare! Meet Trigger! He's an 8-year-old Red Roan gelding, standing 16 hands tall, and he's strong, fast, and full of run. Trigger is super versatile – he's worked as a heading horse, a barrel horse, and a ranch horse, and he's still got plenty of potential to grow in his performance. Over the last couple of years, he's been hauled to local team roping and barrel racing jackpots and rodeos. He's done a lot of ranch work too, from dragging calves at brandings to doctoring cattle in the pasture, plus he spent some time in the feedlot. Trigger has a smooth, easy gait and a nice walk that covers a lot of ground. He's a well-rounded, reliable horse that'll take you wherever you want to go. Please call 780 404 3695 for any question

Dallas or "You Dun Maid Me Blue" is a 2019 Registered AQHA Dun Roan Mare, boasting both Blueboy Quincey and Hollywood Dun It on the face of her papers. Dallas has been with me since a weanling. She is well broke and knows her buttons. Walk/trot/lope with flying changes. She has a solid stop, great turn around and moves off leg quite nicely. This summer she was one of my main pasture horses. She was exposed to long days checking and doctoring cattle. Despite her not being the largest horse around she is reliable and tough, she will drag anything you ask her too. She has been exposed to cowboy challenges, horse shows (English and Western), rodeos, team roping practice, and participated in some jumping with an 11 yr old girl. Dallas is a very quiet, unflappable mare- literally as she is chicken broke! She's been a main mount throughout calving and branding, at an auction mart and has been used in a feedlot setting- along with being a reliable trail horse. She's in the same horse whether you ride her daily, or give her months off. Quiet enough to be a trusted youth or 4-H mount, handy enough to get any job done. Don't miss out on this pretty little package!

Here is one the whole family can enjoy! Being only 5, he has lots of years ahead of him. A homebred grade colt out of a QH mare and by a Clyde stud, gives him the advantages of not only having great feet and bone but also a very laid back personality while still having brains. He is 18hh, his feet and teeth are up to date, he is good to load, trim, drops his head to bridle etc. He goes in a snaffle or a shank bit and neck reins. "Hippie" has been used lots to snub colts, pull calf sleds, he has gone both English and Western, he is lightly started over jumps. Weather you are arena riding or bushwhacking he is the same level headed guy. He is use to kids crawling all over him but can still have some get up and go when you need him to get a job done. He has a nice smooth lope with big strides that gets some serious ground covered. A very well natured, consistent all around gelding that has the potential to go any direction. He is located by New Sarepta. Please feel free to call with any questions. (780)-619-7133

Wilson is a really well made, and super talented crossbred gelding I've used to ranch on, rode in rough country and used extensively in the feedlot. Wilson has been on the payroll and has taken to it like a natural. Wilson is good to treat on from sneak roping to loping one down, will hold a rope and is good one or two man doctoring. Wilson rides in the bridle, is soft off your leg and gets around himself really nice. This gelding is a big mover and has a super soft stride, he will catch his leads both ways, and has a nice turnaround. We've rode Wilson in the mountains and he will cross anything you point him at with no issues. Wilson is soft eyed, doesn't have a mean bone in his body and his personality has made him a barn favourite at the feedlot. He has a ton of raw bone, is stout made and is built to stand the test of time. Wilson is good to catch, stands tied and is gentle to handle his feet. This is a well put together talented gelding that could go a lot of different ways. FMI call (403)963-8766.

Critter is a 2007 AQHA Palomino mare, standing at 14hh. Selling as GRADE as her original papers have been destroyed in a house fire. Critter is quiet minded competitive 3D barrel horse. She is very consistent and gives the same run every time. She has won multiple cheques, prizes and buckle. She has lots of go left in her and would excel in any discipline. Critter is very easy going, walks in the arena calm and collected. She is great around cattle. She has been started in breakaway roping. She loves to pull and handles the rope well. She would make an awesome horse for ranch work, going on a laid back trail ride or hauling to a jackpot after sitting for months! She's sound, great with farrier and easy to load. Gets along very well with all the other horses and sits lower on the totem pole. Only con -she can be hard to catch.

Dusty and Dan - Team of 10-year-old 16.1 HH dapple grey Percheron quarter horse cross ride and drive geldings. They are the perfect size not too big to saddle and harness. They both have good solid foot and bone, and have been shod. They have been used on the ranch moving cattle, checking pens, processing, and a little bit of roping. They both side pass, open gates, neck rein, collect, backup, load and back off the trailer, as well as to tie off on cattle. While driving they have mainly been used to put out hay for cattle and to pull a wagon for rides.

[Video Link ▶](#)

They also went to a cutter rally and did well. I could see them both making good mountain horses or continue driving and ranching on them. They can be sold as a team or individually as riding horses. I would recommend a intermediate to experienced rider. For more questions give me a call.

This handsome 3 yr. old is definitely an eye catcher! "Copper" is a 2022 chestnut gelding standing 15.1 hands and is built strong & correct with a beautiful big hip. He has a sweet, willing mind and is very quiet, friendly & always looking for attention. "Copper" has been started right with lots of emphasis on softness and complete body control. He has exceptional ground manners and is always very respectful. He is good with the farrier to trim and shoe and has been hauled around a lot to various events since he was a yearling, just for the experience. He loads, hauls & will stand quietly at the trailer all day long. He has been exposed to various obstacles including tarps, bags & flags and has had work with a rope including catching & dragging objects, barrels, etc. and handled all amazingly well. The majority of his 2 yr. old rides were technical training inside an arena but he was great when taken outside last summer through the fields on his own. This guy can really move out and cover some ground at a walk! "Copper" has had a solid training foundation and is ready to go in any direction you want to take him. He is proving to be a great partner as he has the attitude, looks, conformation and ability to do it all! Training will continue until sale time. Video is from his 2 yr. old year & will be updated as his training continues!

Pippen is 1/4 draft 3/4 quarter horse cross. He gets noticed where ever I go with his stature and unique color. He is 5 years old this year. He has a solid foundation with all the buttons, neck reins and moves off your legs. I have used Pippen to do almost anything we do on the ranch. He has been used to gather cows and sort. He has drug calves to the fire at brandings. I started roping this winter so I have used him to rope the sled off of. He likes that allot. I also used him to carry flags at the High School Rodeos. He has been on trail rides, and poker rallies by himself with no other horses he knows. I can take him out in the field by himself or lead a young colt. He was taken to the mountains by my step dad for a 2 week sheep hunt in the Wilmore. He led the pack string in and was used for the daily hunt trips. Pippen crossed lots of creeks, rivers, and boggs while on the trip. I have taught him tricks like parking, laydown, and mounted shooting. He takes everything I do with him pretty well. He has been turned out for a few extended periods when I was busy doing other things. When I resumed riding him he takes off right where we ended. He loads and hauls in a trailer and also is good with a farrier. He had shoes put on for the mountains but I mostly use him barefoot because he has really good feet. He gets along with other horses and has also been with mares with no issues. Pippen is a very quick learner, and can be personable. Easy to catch even in huge pens or pasture. His teeth were done in February.

Chex was purchased as a 4 year old and has been working on our ranch ever since. He is located just west of leader Saskatchewan. Chex was started and has been used for every aspect on the ranch, he really tracks up nice when running something down. I've roped everything from bulls to calves and used him at brandings, he's been a real champ! Chex stands 15-2 hands, is really cowy and has a great stop. There hasn't been any buck or bolt or anything weird he's had a couple kids on him and handled great. I've mainly been the one riding him. Chex is 8 years old and is just in his prime, he's passed his vet check and had his teeth done about a year ago. Chex is up to date with deworming and trimming is currently sharp shod and being used in the feedlot. Feel free to stop in and try him out for more info call or text me at (306) 891-5110

Spade is a 3 year old 15'3 home raised gelding that has spent a couple months driving on both sides of the sleigh and wagon. Spade is super easy to catch, always the first horse to the gate. Even though he is big and young, Spade is a gentle giant. He is great with his feet and has been hobbled. I've put a couple months on him in an arena this fall/winter and the rest has been around home doing trail rides and a couple cutter rallies. You can ride him bareback, stand on his saddle, and slide off his butt with ease, he has no buck or bolt. Spade is confident with a rope and is unfaced from the noisy UFA flags. He neck reins and moves off your leg nicely. Spade moves out very smooth for a draft cross, He would excel in ranch work as he is athletic and smart enough to get the job done while being sound minded enough to be satisfied with walking the whole day. I've used Spade to pony colts during the first while of them being saddled. He is a confident horse and takes everything I throw his way with no problems. Spade is easy to saddle and bridle, once the cinch is done he's good to jump right on and ride out. For more Info 780-214-2153

3-year-old AQHA gelding prospect; Z BAR SMART KING, we call "Razor." "Razor" has been one of the favorites in our prospect pen since he joined our crew as a weanling. He's always been one to greet you, no matter how big or small the pen or pasture. He's got good bone, is straight and correct, and blemish free! He has a solid build and stands 14.3 hands. "Razor" has been handled plenty since he was a weanling and was started earlier this year. He was an easy, simple starter with no buck and good daily progression. With a full month off in February and back to it in March without hesitation and picking up right where he left off! Started on the mechanical flag and tracking the heelomatic. "Razor" is being rode both in the arena, out on the trails and through the feedlot pens. He will have just over 60 days riding come sale day and will be ready to go in any direction! Great rope and ranch horse prospect. Cowy and gritty to go sorting and penning. Level headed and easy going to be an all around trail mount. Good minded and willing to be someone's next 4-H project. Lefty is a 13 yr old sorrel AQHA gelding. He is a stout 15.1 hh and 1250 lbs. Pretty head, big hip, and an outstanding disposition. Own son of Gallo Del Cielo and out of a Smart Chic Olena bred mare...his pedigree speaks for itself. I bought Lefty directly from the breeder, Cowan Select Horses of Havre MT, as a started 3 yr old. He's been a top notch partner for me and I'm happy

to tell you everything about him! Broke, sound, gentle, and suitable for pretty much everybody. He has been rode by handy kids under supervision but I would not call him a true babysitter. Nice manners, good to shoe, load, worm, tie, etc. Super friendly and catch him anywhere. Very easy going, uncomplicated, reliable and rides the same whether you ride him every day or once a month. Lefty rides around low headed and relaxed but he is quick footed and electric when needed. He has worked in the feedlot, gathered and doctored cattle outside and drug calves at brandings. Lefty has loaded 1000's of cattle trucks at all hours of the day and night. He is excellent to pony colts and doesn't get rattled when they pull on him or bounce off him. Lefty roped steers in the practice pen all last summer and he has the potential to make a very nice rope horse on either end. Good in the box, scores nicely and goes where you ask him. Lefty is also very cowy, and I know he would take to the ranch sorting/team penning arena very easily. Here is a quality gelding, just the right age, ready for the next chapter of his life.

Whether you are looking to enjoy an easy rocking horse lope, flying lead changes, working buffalo, or simply enjoy roping the dummy Cutter is sure to rise to the occasion. He has an excellent start on his spins however would require polishing should someone wish to show him. While he has had extensive training in the arena, I have not had the availability to put endless miles of trail riding on him. Cutter is not a spooky type horse and takes new environments and situations gracefully. He is a gentleman to haul with other horses, or easy to pen on his own. In either case he will always meet you at the gate! Loads, ties, clips and bathes with ease. Cutter is up to date on all vaccines, deworming, farrier, teeth and all health records are available. "Grumpy" is an 11 year old AQHA registered palomino gelding. He is the truest definition of a "been there, done that" family friendly horse. He is a forward ride with a very gentle, in your pocket personality. Grumpy has been used in all aspects of ranch work, including riding pens and pasture, working the sale barn, moving pairs, branding, one-man doctoring, and fixing fence. In the team roping pen, he is finished on both the head side, and heel side as well. Grumpy has been seasoned in the breakaway/ tie-down pen, and is well on his way to being finished. Grumpy is no stranger to the rough stock end of the arena, as he has also been used to rope bulls and pick up broncs. This horse has truly done it all; you won't find one more versatile than him. He does not have a mean bone in his body and is suitable for all levels of riders. Just kick him in the belly to go, and pull to stop. He has never bucked or bolted a day in his life. He knows how to drive, rides bareback, doubles, carries kids around in front of the saddle, he rides in a halter or whatever bit you can find in the trailer. Most importantly, this horse is the same every single time you ride. Whether you ride him daily or twice a year, he will be just as you left him. Grumpy has been hauled to rodeos, jackpots, and brandings. When it comes to someone needing a solid, reliable mount, Grumpy has never let us down. He hauls great, stands tied all day, eats and drinks on the road, and isn't bothered by sights or sounds. He is truly the once-in-a-lifetime kind of horse, perfect for the whole family to enjoy for years to come. Dad can go win a roping jackpot on him, Mom can take him out for a relaxing trail ride, and he will happily serve as a mount for the kids to enjoy. Grumpy is easy to catch, and good for the farrier. He is up to date on dental, vaccinations, farrier work and has a current PPE. (PPE will be completed April 10/2025) This horse's only vice is that he requires annual dental work, as recommended by a vet due to how he wears his teeth. (Teeth were done March 2/2025). A video can be found on YouTube at: Grumpy - Top Gun Horse Sale 2025. For any further information, or to arrange a time to come and try him yourself, please contact Brooke Hays at 306-830-2501.

'Sophie' is an eight year old home raised solid black mare. She has an excellent disposition, is quiet with no bad habits. She acts like a gelding and is not 'mare-ish' towards other horses. Sophie is bred to run on the top side and all cow on the bottom. She has enough go to make a barrel horse yet settles right down. She knows the barrel pattern but hasn't been pushed yet. She has tracked the heelomatic and quiet cattle lots. I've used her for pasture doctoring but is not yet a seasoned rope horse. I also used her to lead trail rides in the mountains. She's ready for someone to continue with her. This well behaved mare ties, loads, clips, and is good with her feet.

Ladies and gentlemen, boys and girls ... Allow us to introduce you to "Jess So Handy". This coming 5yr old AQHA papered gelding has all the personality you could ever want in an equine partner. He stands 15.2 hands high. He is loyal, kind, easy going and curious. He is cooperative and has been exposed to quite a few different disciplines.

[Video Link ▶](#)

So far in his young career, he has enjoyed competing in cowboy challenges, barrel racing, pole bending, and gymkhanas. He has a solid foundation on the barrel pattern and if he's anything like his sire "Crimson Jess" he'll excel at it. His home life has also given him some experience in ranch work. Which includes sorting, roping, and moving cattle. He doesn't get worked up about much of anything. He's had older kids ride him and I've packed my younger kids around on him. He keeps a level head and is a delight to ride. He has an amazing pedigree and temperament that can take you and him in any direction you'd like to go! The perfect mix of cow and speed. He stands wonderfully for the farrier, vet, and chiropractor. He is very well mannered with humans and other horses. He loves children and is also used to dogs. He is very respectful of your space on the ground. He loads well and has been hauled quite a bit to different places and events. Saddle him up or go bareback, just be ready to enjoy this gelding. Buy him for yourself, your kids, or grandkids. He has so much life ahead of him and he is already so quiet and trustworthy. His philosophy is: first to the gate, first to be caught, first to be able to take on new adventures. Handy has been routinely dewormed and his vaccinations are up to date and ready for 2025 season.

2016 Gelding Canadian x Morgan, standing at 16.2 "Max" is a big strong and athletic powerhouse. Broke to ride and drive double. Stands tied all day and good for the farrier. Max was started well as a young horse and has recently been brought back to work full time. He has been used on a ranch to gather cattle and is currently working on learning to rope and doctor. While

he works great outside he's also broke to ride in the arena and is showing lots of confidence and willingness to work under a well guided hand. Max is big but gentle and has the mind to back it up. Whether you're a trail rider or outfitter looking for a big strong horse to take you anywhere, a rancher that needs his speed and size to rope bulls or maybe use his good handle and will to learn to make him a pick up horse, this horse will go any direction.

Breed	Pony/Quarter Horse	Sex	Mare	Year Born	2020

Media is a coming 5 year old half pony mare. She is sound, correct, and has never taken a lame step. Well put together, and at just over 13 hands, lends herself well to a host of possibilities. She has been used extensively the last two years by our 11 year old daughter, checking and gathering cattle on the ranch, as well as time spent in indoor arenas. She is confident and

brave and rides out willingly alone. Crosses creeks, traverses bush, and keeps up with the big horses. Has been started on light roping (drug logs and roped the dummy). Catches, trims and loads with ease. She prefers a more laid back pace but will move out when asked. With a solid foundation and willing attitude, bring her home and take her any direction you'd like!

Badger is a 6-year-old Quarter Horse Draft cross, at 15.1hh. He is a big, solid, good-looking gelding. The past couple months in Arizona he covered some miles in the desert mountains. He moves nice out on the trails and is sure footed. Unfortunately, during his time down south he rubbed part of his mane off on a pipe. Badger has been used for pasture work, treating and sorting. He is good to rope off, both heading and heeling. This horse is smart and catches on quickly. He's got good bone and foot. Whether you are looking for a strong ranch horse, a great mountain or outfitting horse, Badger would be a good choice. Hoss is a 2021, 15 hand bay roan gelding that has a sweet and quiet personality. This gelding has absolutely no vices, has been easy since day one, and will definitely be a good candidate for someone with kids running around. My 3 year old son rides this horse around in the arena by himself, and I ponied him out to check cows a bunch last summer. He's been started on head side out of the box and took to it like a natural. I've doctored a handful of calves on him with no issue, and he's been around equipment, noise, and dogs. Spent a good portion of the winter working at the auction mart pushing cattle. This is a flashy horse with a mind as good as they come. If you're looking for a horse that is versatile, a ranch horse one day, and a jackpot horse the next or maybe just simply for hitting the trails with the kids, this horse will fit you well. Youtube video coming soon. Call or text Neil@7806031841 anytime for more info or to arrange a time to come over and try him out.

Clyde is a 10 year old, 15.1 Grade part Canadian gelding who wears a size 2 shoe. Has been used in all aspects of work on the ranch, moving, sorting cows and doctoring in the pasture. Has been used in the demanding terrain of our pastures in the Peace River Hills. He has a ground covering walk that he can maintain all day and is sure footed on the steepest of trails. He has been used on trail rides and is good in a bunch of horses but can out walk most of them. He has been driven on the sleigh and has also been packed. He loads and trailers well, is good with the farrier and will stand tied to the fence or in the barn with no problems. Not fancy arena broke just a good all around using horse that will get the job done. Clyde is a safe horse but probably not for a beginner. Manny is an exceptional Dunn half draft, 6 year old, that stands 15.2 HH with great feet conformation and bone. He is strong, sturdy and built to last a lifetime. Manny is the first one to meet you at the gate, easy to saddle, load, haul and catch. Stands tied all day and stands good for the farrier. Manny is quiet, honest and loves having a job. He has a motor but anyone can ride him. Manny has been to the mountains hunting, tagged calves, roped the sled, solid and strong to rope on and he has been packed. He's been used to start and pony colts. Manny is very broke in the body and face, yields to pressure, side passes, opens gates, nice turnaround and a good stop. He is an overall super gelding. Not just your average plow horse, he has some feel and wants to go somewhere. Great around dogs and is unbothered by ranch implements. Goes anywhere you point him, over tarps, bridges, rivers or bogs you name it. Manny has been a lot of fun to have around. He is a great family horse! Video - https://youtu.be/Eg2W9i0_7nY

Waiting for your kids next unicorn, here she is! Harley is a 8 year old mare, who is a kids pony deluxe. From green riders to experience, toddlers to adults she can handle anyone. She is a babysitter through and through but

[Video Link ▶](#)

has the buttons for speed when asked for, no sore legs for the little ones to make this pony pick up a lope! This past year she was a hauling buddy for amateur rodeos. She was the "calming goat" for most of the barrel horses there, so you don't need to worry about any "spicy" or "acting hot" when at competition with her. Harley acts the same being ridden 7 days a week or left off to be in pasture for the winter, no funny business. She is kept to herself and doesn't mind being by herself. Riding out alone or tying alone is no issue for this unicorn. Harley is respectful in saddle or on the ground. Picks ups feet, lowers head to be halter/bridled, loves being caught and will walk right up to you. Good strong feet and body, out lasted many of our quarter horses on long trail rides. She is a working pony, and loves to have a job to do. Harley will come with a PPE before sale, for extra reassurance for her future home! Feel free to call us for more videos or info.

Diamond is a big strong draft cross who runs and carries himself well. We've owned him since he was 3 and he's been used for all sorts of ranch work. He's good in the hills and branding pen and has enough wheels to catch a calf in the pasture. We've had a variety of riders on him as he's been the family loaner horse for the past year. He's an honest and sound gelding. We hate to see him go but we have several young horses that we need to get riding and Diamond is too good of a horse to be a pasture ornament.

ALL HAIL TO THE "King" An impressive 2014 AQHA brown gelding consigned by 2021 Top Gun High Seller. King is confident, gentle, powerful, quiet and a worthy rope/barrel prospect, trail or ranch horse. King has headed and heeled calves, has one man doctored and sorted range cattle. He is as nice as they come - a genuine cowboys'

horse with lots of go or whoa when you need it. He started his working career in a community pasture then went on to work in a 5000 head feedlot. After getting a strong and necessary working foundation we took King on several trail rides including into the Alberta coulees, he's since headed roping calves in the arena and has had many miles of outside riding often packing inexperienced kids. Easy to catch, load, tie, blanket, trim, bridle and saddle with good ground manners. He is sure footed as the day is long. King is not herd bound and will happily ride out alone or in a group. He does not need to be consistently rode - same ride once a week or once a month. King will do whatever you ask of him with the kind of willingness and gentleness your whole family will appreciate. He is a big sweetheart with halter ring muscle and refined form, pleasure horse softness and ranch horse grit. Make sure you keep an eye on this one come sale day, April 12th in Ponoka, AB. With no maintenance required, he's legged up, teeth are done, dewormed and has toe and heel front shoes - ready for rough and slippery terrain or we can pull them for buyer after the sale. Save this horse - video will be posted soon. I'm proud to answer any questions you might have about this gelding.

Consistently hits the 2D at bigger races without being pushed, 1D at smaller/local jackpots. With consistency and the right rider this horse could definitely get even faster. Has a big motor so make sure you're hanging on when you ask for the speed. She is also lightly patterned on poles and breakaway and wouldn't take much to finish off in those areas. Has drug calves to the fire, done polo cross, jumped in English gear, obstacle days, team sorting, packed flags, and much more. Fancy broke, soft in the face, works best off leg pressure. Hauls, bathes, loads, and shoes like a dream. Minimal performance horse maintenance required (requires regular farrier work with shoes and pads on the front) and that's it! Also has a great set of papers, so she can produce your next champion down the road.

She has been started on cows and is very cowy and has a nice move. We have used her out in the pasture paring out this calving season and she is great to ride out. She really walks out and is easy to get a job done on. We have also tracked the dummy. She has a ton of potential and has the foundation to excel in a performance horse program whether it's cutting, working cow horse, roping, or just a fun horse to have around. Her Papers are loaded and when you are ready she will make one hell of a broodmare. She has a ton of nominations including Royal Crown Canada. Don't take our word for how pretty she is, she was the poster horse for the TV show Heartland Season 18! Come try her or watch her go anytime!

Shaggy is a 6 year old grade gelding. He's quiet and laid back with tons of bone and athleticism. Shaggy has done everything we've asked of him over the last few years with total ease from roping the dummy, ponying colts, roping cows in the pasture, and all sorts of ranch and arena work. He shows some very promising prospect material roping the dummy on the head side. He's

strong, good minded and super easy to be around. He's safe for all level of riders and has never made a poor decision with any sort of rider on his back. Shaggy has been great for the farrier and around kids, dogs and other livestock. He's easy to load and haul, easy to catch and behaves well being stalled in new places. Shaggy has been used mostly as a helper and ranch horse in our facilities but would make a great head horse with some more time, his athleticism leaves plenty of doors open for him to even be a great prospect for barrels and poles making him a great high school rodeo horse for someone that has the time to teach him! Archie is a 14 year old gelding that has been used for all aspects of ranch work. He stands about 15'1 hands and is just the right thickness. Archie is one of our go to horses around the ranch when a job has to get done. He is everyone's first pick to ride. If you are looking for an all-around horse, from a ranch horse, to a jackpot horse, or just heading out on the trail, long or short, here

[Video Link ▶](#)

he is! Archie has absolutely no vices. He's a horse the whole family can ride and enjoy. He has been used extensively in a community pasture over the years and on the ranch. Archie has been used to rope bulls, cows, yearlings, and calves. He is strong on the horn. He has been one man doctored off of, he's solid and knows his job. You can sneak loop off him or run a critter down if need be. Arch has rounded up and moved cattle, sorted pairs and yearlings, as well as pull bulls out of the herd. You can crack a bull whip off him with no issues. He has drug calves at numerous brandings. He has been used at ranch ropings as well. Archie is a finished head horse and solid in the box. He has been used on the heel side and did excellent as well. He has been hauled to local jackpots. Arch has had beginners on him learning to rope and worked perfect. Archie has been rode in mountainous terrain as well as the flat lands. He is sure footed and goes through water, mud, creeks, thicker bush, over logs nothing phases him. He is calm, sensible, easy going fella that doesn't get worked up. He will stand tied as long as you need him to, no messing around. He rides the same in a group or on your own doesn't matter to him. He is the same horse every time you ride him, doesn't matter how much time off. You can saddle up and just go to work no problems at all. He has been shod but most of the time he's bare foot. We will be really sad to see Archie go, he will surely be missed, but we have a number of younger horses that need some riding, and we just can't keep them all. Archie is up to date on dental (summer 2024), worming, and farrier work. If you have any questions give Wayne a call at (306)648-7667. Video coming soon.

"Rocky" is a big, solid, powerful 16hh ranch gelding. He has been used to work cattle, has had a rope swung off of him, was ridden in an arena as well as on the trails and mountains. He has GREAT foot and bone, is very athletic, has lots of energy and would be an excellent rope horse, ranch horse, pick up horse etc. Rocky hasn't been ridden for the past 3 years due to owner's health and he will have an additional 60 rides on him just before the sale.

TATONKA

Consigned by: **JOHN SCOTT**

Breed	Grade	Sex	Gelding	Year Born	2005
Registration	Grade	Height	15	Colour	Palomino

Tatonka is a very easy going, friendly and laid back horse. Easy keeping, sound and sure footed horse. He is easy to trim, shoe, trailer, drench and handle in all aspects. Due to his easy nature, he is suitable for anyone to handle on ground and under saddle and is easy to catch. He is happy to be ridden alone or in company and gets along well with other horses in a herd. It doesn't matter whether Tatonka is ridden every day or once a year, he will maintain to some willing and responsive mannerisms. He is very easy to ride, responding well to both leg and hand aids. He is great to neck rein and ride in a long loose contact but will also collect up nicely when asked to go on the bit. He is not a spooky horse and easily adapts to new environments and is great for moving stock. He was Amber Marshall's father, Tim Fleming on Heartlands main horse for 12 years. Call John for more info: 403-816-0001.

Registration	Grade	Height	14.3	Colour	Sorrel

We have hauled Little Red to the mountains several times where he's been nothing but excellent out on the trails. Crosses creeks, rivers and bogs with ease. Little Red has been used to gather and sort pairs on the ranch. Gets out and walks well. Has a smooth trot and lope. Catches easy, stands good for the farrier and saddles up the same everyday. Very easy horse to get along with and loads well. For more information call Jerry 403-783-0303.
